Minutes taken by Caleb Petrie

### Agenda Items

Approval of Meeting Minutes – November 2<sup>nd</sup>, 2018 -- Motion to approve and 2<sup>nd</sup>.

Approval of Agenda for today’s meeting

Topics	Supporting Document Filename (in SharePoint*)	Bring Copy
1. eLumen tickets-Status of open tickets – The ticket on Math 130 is unresolved. The Math Department collected data manually instead.		No
2. Summary Status of division CSLOs-2018 – There are 488 CSLOs not included in any Assessment Rubric. This is a high number.		No
3. Action Plan to add CSLOs to any new or revised courses or for any courses missing CSLOs by Coordinators.-George Bonnand demonstrated the process for entering missing CSLOs. Use the CurricUNET “active” file to look up the correct SLOs. George received copies of new and revised courses from the Curriculum Committee that he will forward to members of the SLOA committee. Division reps should review the CSLOs for the new and revised courses in their respective divisions and make sure they are correct in eLumen. George and the committee also discussed creating assessments in eLumen and generating reports such as the Faculty Participation Report and SLO Performance Report.		No
4. CSLO to PSLO Mapping Action Plan by Coordinators-Some courses like those in Counseling do not belong to any program so the CSLOs for those courses won’t be mapped to PSLOs. However, these CSLOs could still be mapped to ISLOs.		No

5. Accreditation–Status update – Carlos Ayon has been given some access to eLumen to help with correcting our accreditation issue of mapping CSLOs to ISLOs. Meeting adjourned 1:06pm.		No
