

Student Services and Administrative/Operational Annual Program Review and Planning Update Form Fall 2023

BACKGROUND:

Program review is an integral part of the campus planning process. As programs and areas monitor their progress on the current comprehensive four-year program review, changes in need and scope can be expected. This Annual PR Update form is designed to outline and request modifications to the current program review that occur between comprehensive four-year review cycles, as needed.

Examples of a requested change include new information such as action plans, outcomes modifications, personnel changes, technology needs, and capital expenditures requirements. As programs and areas monitor their progress on the previous comprehensive four-year program review, the form provides the basis to suggest a change in plans and processes to improve student success and institutional effectiveness.

DIRECTIONS:

This form shall be completed annually by **all** student services programs and administrative/operational offices.

Part 1: Review of Data

List the outcomes from your Fall 2022 self-study. Which outcomes has your program assessed in the last year and/or which do you plan to assess in the coming year? What changes, if any, have been made to your program or outcomes as a result of outcomes assessment?

OUTCOMES:

1. DSS students will obtain a GPA and retention rate equal to or better than non-DSS students.

This outcome will be assessed at the end of the 2023-24 academic year when GPA data is available through the Office of Institutional Effectiveness.

2. The percentage of Asian DSS students will increase to be closer with the percentage of Asian students in the non-DSS student population (for 2021-2022, the DSS Asian student population equaled 7.4% compared to 14% for the non-DSS Asian population).

This outcome will be assessed at the end of the 2023-24 academic year with student demographic data from the Office of Institutional Effectiveness. DSS outreach is ongoing, and will particularly pinpoint the International Student Center (ISC), Umoja, the VRC and other affinity groups.

Part 2: Additional Resource Request Reasoning and Support

For each request, complete steps A, B, and C.

Step A: Briefly describe the request.

Step B: Answer the following questions:

1. Is it imperative that this resource request be processed now rather than during the next comprehensive program review? Why?
2. How will this additional resource allocation specifically enhance your program's services, activities, processes, etc. to continue or improve student learning and achievement?
 - Is the resource request personnel-related? If so, please provide evidence to justify the requested positions such as retirements, program or office growth, or increased demand.
3. How will this additional resource allocation help you serve the college mission or strategic initiatives, and/or your program's goals for improvement, as stated in your last program review?

Step C: Complete this chart with details of the request:
