

Campus Collaborations Committee Notes

Zoom: <https://fullcoll-edu.zoom.us/j/86460257470>

Major Topics Were Tabled

Jeanette Rodriguez and Ron Farrol were unable to attend the meeting, so the items they had on the agenda including an Associated Students update, an OER/ZTC Update, and an update on the Brown Act, were tabled. The chair did provide some information about Associated Students and encouraged chairs to attend a meeting in order to recruit students for their committees. A few members shared their experience attending a meeting to encourage students. It was noted that it was still early enough in the semester, that fall elections had not yet been completed.

Committee Announcements/Updates

Committee members shared some updates including the integrated planning work being completed by Program Review, Institutional Integrity, and Planning and Budgeting Committee, and a number of events being hosted by the Transfer Center and the team from Student Engagement and Development.
