1. **Welcome & Committee Update**
   - The committee welcomed the new Interim Director, Curtis Galvez, for Academic Computing Technologies.

2. **Last Semester Recap**
   - Hotspots were approved as a recommendation.
   - The recommendation is to continue offering hotspots to students who need them.
   - 151 hotspots have been purchased through T-Mobile.

3. **DTC Report**
   - The college schedule will no longer be available as of October 14th.
   - There will be a soft launch of the new searchable online class schedule.
   - Students will have both the existing and new options available on the webpage for their access.
   - The new functionality will allow students to search for winter courses and can pick the term.
   - Students will see a new "Registration Steps" widget on MyGateway.
   - Admissions and Records will be available via Zoom to guide students in need of assistance.

4. **Review Mission, Purpose, and Membership**
   - The committee's primary focus is on aligning technology requests with the college's overall needs.
   - Discussion to involve students in technology implementation across the campus.
   - Recommendation to revise the mission and purpose and on the use of informational technology.
   - The CTC is a campus level committee that provides advisement to Faculty Senate, and the CTC will coordinate the needs, recommend priorities, procedures, and guidelines.

5. **Rubric Revision/Creation**
   - Recommendation to create a rubric as a guide in prioritizing decisions of the committee.
   - The rubric is set to align with all strategic goals and objectives.
   - Discussed the program review process and suggestions on how technology requests could be prioritized based on the rubric.

6. **Committee Information**
   - Suggestions to continue working on revising goals.
   - The committee will continue reviewing for further suggestions to discuss at the next scheduled Campus Technology Committee meeting.

7. **Adjournment**
   - The meeting was adjourned at 3:31 PM.
